

CPM Student eBook FAQ

Below are the answers to questions frequently asked concerning the CPM eBooks.

1. Do I need internet access to view the eBooks?

Yes! We recommend using Firefox, Safari, or Chrome Browsers.

2. Will the ebooks work on iPad?

Yes, as long as you have internet access! Open your web browser (other than Internet Explorer) and login as you usually do.

Be sure that your iPad software is up-to-date.

3. How do I keep from getting logged out.

You will be logged out for inactivity. This is for your security. If you get logged out while using your eBook, another student may have your login credentials and have taken over your eBook.

4. How do I log in to my eBook?

Schools and district have their students login to CPM eBooks differently. In some schools, students login to their school's portal to access their CPM math eBook. Other schools use a third party such as Clever for login. Still others login with a username and password. Your teacher can give you directions for login.

5. How do I access Homework Help?

Homework problems are found under the Review and Preview section of each lesson. Next to each homework problem is and Homework Help link. Clicking this link will take you to additional help for that particular problem. The help may consist of extra hints, steps, and/or an occasional answer.
